

Horizontal Fiber Optic Splice Closure GPJ09-6808

Optical Fiber Splice Closure TECHNICAL DATA SHEET

Product Description:

GPJ09-6808 series of fiber optic splice closure is a kind of multi-purpose optical cable connection product, which can connect and divide optical fiber. The box can be applied to a variety of optical cable (loosesleeve, skeleton, ribbon, etc.) and can be installed in a variety of environments (overhead, wall, pipe-line, manhole, underground), and for a variety of connecting methods (distribution, bridge, branch, etc.). Compact, light weight, suitable for Aerial, Wall, Pipe line, Manhole, Underground mounting

Features:

- Water tightness: IP68 (5 meters under water 7 days)
- Mechanical sealing type, no special tooling request.
- Hinged type with buckle design, easy to open and re-entry.
- Tighten screws and gasket are all made of 304 stainless steels to improve the corrosion resistance.
- Sufficient space provides the placement of the optical fiber connector and the storage function of the remaining optical fiber.
